4. The rate tendered should include cost of delivery at Stores.

5. Time required to complete the supply must be stated.

6. The tenderer should state in the tender if the Cast Iron Pipes offered are English Continental or Indian Manufacture.

7. The final acceptance of the tender will rest with the Executive Engineer, Water-Supply Division, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

8. Within ten days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond, in default of which, his tender will be cancelled and his earnest money forfeited.

9. The name of the successful competitor whose tender has been accepted, will be posted on the "notice board" in the undersigned's office in the usual course, and the successful competitor will be informed of this through the post at the same time; no enquiries regarding the acceptance or rejection of a tender, will receive any reply.

10. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.

11. The quantities are not guaranteed.
